"Taking this new tour around the world is a desire I've wanted to fulfill for some time now, based on the tremendous response I received during the select few dates I have done internationally. To travel the globe and see beautiful places, while entertaining fans from every corner of the earth is massive. I promise tons of special surprises and a show that pushes the boundaries of international stand-up. I'm looking forward to pushing myself very hard, performing around 100 shows over the next year, and in the process I hope to bank up some serious frequent flyer miles," says Cook.

After proving his star power in front of a combined live crowd of 70,000 people with two highly rated specials, "Vicious Circle" for HBO and "Rough Around the Edges" for Comedy Central, Cook has reinvented himself with 'ISolated INcident', where he shares his standup insights with a more intimate crowd. Now, he will once again entertain the masses in large venues on a worldwide scale.

Previously Cook created, directed and starred in HBO's nine-part comedy documentary series, "Tourgasm" and wrote, executive produced and starred in "Vicious Circle," a feature-length stand-up event. Additionally he has proved a strong force in the industry with his debut CD/DVD release, "Harmful If Swallowed" which has been certified
